Ex. 6 - Personal Privacy

I told Peter I'm unavailable for this call and that you will call in. He and I have been trying to connect by phone for the past couple of weeks. I left him another message to understand what he's looking for from the workgroup. (He also told me he wanted to check in on DWSRF ULOs.)

Hello - just wanted to check in with you two about this call on Thursday with Peter Grevatt. This is the kickoff discussion with Water DDs (Regions 6, 7, 8, and 9) about aquifer exemption issues. I'm planning to be on the call but wasn't sure if either of you can make it (it conflicts with the opening of the EJ Teach-in). Let me know. Thanks, David
